I recommend that the trash around the exterior of the building be picked up, there's quite a bit. The doors left open all day should also be closed to avoid rodent issues in the interior.

Service Comments

Tech Comment: Found a few droppings behind the soda fountain area. The back doors by the office were also both open, one has a screen but is insufficient. Both these doors need new screens so the employees can have some kind of airflow. Otherwise they will keep being left open anyway. Health dept stopped by yesterday and also reported finding some droppings under the shelving of the flat top grill in front.

A214357	Service Parking Lot Traps	1.00

Service Comments

Tech Comment: Serviced all parking lot stations. There was 1 capture in total, which was in the top parking lot, at the top of the hill by the trail. I removed it and added fresh bait as I did to whichever station it was necessary in. The grass has been completely let go, very long and there is tons of trash scattered throughout the bottom parking lot. This needs to be taken care of asap.

A214358	Service Parking Lot Traps	1.00

Service Comments

Tech Comment: Serviced all trap stations around the parking lots. There's been some improvement landscape wise, as the upper parking lot foliage has been cut down as well as about 1/3 of the lower parking lot. The other 2/3 or so of the lower parking lot is very high, the stations are hardly visible. There's also still alot of garbage by the portable bathroom area in the lower lot. The other lots still need some work also. There were 2 field mouse captures in total one at the top of the hill path and the other by the berries at the bottom lot.

A214164	Service Trap/s Exterior Bait Boxes	1.00

Service Comments

Tech Comment: Serviced all trap stations around the exterior perimeter of the kitchen. There were no captures at the time of service but I added fresh to whichever trap necessary. My recommendation would be to cut back the tree branches surrounding the building in order to avoid future rodent issues on the rooftop.
